Question Format Reminders

- Most questions and answers were taken from the book “Hellenika” by T. Peter Limber
- All questions are in the form of multiple-choice (4 choices)
- All decisions regarding validity of tournament answers have already been made and are final
 - There are no provisions for challenging these decisions and no resources for evaluating the challenges
- Using traditional designations of years (BC/AD) vs. recently adopted designations (BCE/CE)
- Short names for the three broad historical periods used in the tournament:
 1. Mycenaean through Hellenistic (1500 BC to 30 BC) = “Ancient”
 2. Roman and Byzantine (29 BC to 1453 AD) = “Middle”
 3. Ottoman and Modern (1454 AD to the present) = “Modern”
- Timeline: Each question starts with a year or approximate year. Use this information! e.g.
 - 1571 AD. Which Sultan conquered Cyprus from the Venetians?
 - c. 240 BC. Who was the first person ever to calculate the circumference of the Earth with some accuracy ?
- Naming conventions:
 1. For periods 1 and 2 (through 1453 AD), the names of persons and places are those that are standard in an English-speaking history course. Non-standard transliterations from the Greek are NOT used. Examples: Athens is OK, Athinai is not; Socrates is OK, Sokratis is not; Pericles is OK, Periklis is not, Constantine is OK, Konstantinos is not; etc.
 2. For period 3 (1454 AD to the present), Modern Greek transliterations into English are preferred. Examples: Theodoros Kolokotronis is preferred to Theodore Colocotronis; Konstantinos Karamanlis is preferred to Constantine Caramanlis, etc.

Match Rules

1. Due to the limited size of the classrooms, **competing students, parents and chaperones** get priority in that order for a given match. The moderators will make final decision
2. Overflow audiences should watch the matches in the Hall
3. After a match starts, nobody should enter or leave the room until the match ends
4. Answers should be given within a few seconds – no time to reflect
5. Moderators should just read the questions and record the answers; they should **NOT** interact with the competitors in any other way
6. In addition to keeping backup score, the Scorekeeper should ensure that members of the audience **DO NOT** interact with the students competing in the match
7. **In the event of a dispute, the Scorekeeper will summon the Dispute Resolution Advisor (Greg Stamos)**
 - **Only the team captain is empowered to speak on behalf of the team – no parents please!**
8. At the end of each match, the Scorekeeper must report the results of the match to the designated control point **in the main hall.**
